

Pequaywan Township FireWise Volunteer Form

Name _____ Location of work done _____

Date work done _____ Number hours worked _____

Description of work done _____

Signature _____

Which activities qualify

Removal or reducing the amount of flammable vegetation within a 30-foot radius of your house, cabin or garage. This includes removing stressed, diseased, dead or dying trees and bushes. Also qualifying is the thinning and pruning of remaining trees and shrubs.

If you hire a tree service to remove dead trees in this 30-foot radius, as part of your wildfire mitigation efforts, please submit a copy of any applicable invoices you pay for these services. ***While you will not be reimbursed for these costs, the amount that you pay the contractor/tree service can count towards our grant share amount.*** The attached brochure will give you a good idea of the activities that qualify.

Please return this form to any of the following:

- Arndt, 9207 Pequaywan Lake Rd
- Mead, 9130 West Branch Rd
- Strom, 2175 Pinewood Rd
